*Click the logo above to go to
our web site*

AIM is the only company in the Hurgada and Red Sea area who can provide all of your engineering needs for marine, automotive or engine driven plant.

Our 800+m² purpose built workshop provides everything required for the completion of full maintenance, repair and overhaul services on your

Revised Web Site

Why not take the time to look at our newly revised web site on www.aim-generalengineering.com to see a list of the key services we are able to provide, images of actual work being carried out, a larger map of our location, previous newsletter issues and a contact form for online enquiries.

We would also welcome any feedback you may have on the site layout, content, design, etc.

In the mean time, please call us on (+2) **017 591 9 591** if there is any work we can do for you as we are currently operating a variable hours pattern based on when work is required. As soon as we return to a normal hours pattern, we will of course inform you.

We will also continue to post updates on Facebook and Twitter so that you get instant updates as they are

engines, gearboxes,
generators and compressors,
with all of the work being
carried out by fully our trained
and experienced workshop
technicians.

We are conveniently situated
on the El Herafyin Industrial
Area directly behind
Hurghada Airport, easily
accessible from the El Gouna
Road and the Hurghada Outer
Ring Road.

posted. Click the links in the left hand column of this mail
